

# Who Else Wants To Slash £££'s From Their Phone Bill?

**Discover A Quick And Easy Way To Make  
Significant Savings  
On Your Business Phone Bills!**

**Dear Local Business Owner,**

Times are tough at the moment and every business owner wants to cut unnecessary costs. Doesn't it make sense to make sure you're getting the best deal from your telecoms supplier?

If you're still with BT or another big supplier we can pretty much guarantee that you're paying more than you need to!

**In nearly all cases its possible to simply and easily reduce your phone bill for calls made and rental of the lines.**

Hundreds of local businesses have already made the switch away from their traditional telecoms supplier, slashing their bills in the process!

**Our family run local company, based in the centre of Horwich, provides a full range of Telecom services to businesses throughout the area.....**

- \* Our services allow users of BT telephone lines (and most other suppliers) to move their calls across to us to make large savings whether or not the call is to a local, national, mobile or international number.
- \* Its possible to transfer your line rentals as well as your call charges for even more potential savings.
- \* It's free to move, with no long term commitments (just 30 days notice), and there are no changes in phone number or quality of service.
- \* There's no need for a visit or any interruption to your phone line whatsoever.
- \* It's a very simple and easy way to make significant savings on your business phone bills.
- \* Essentially all that happens when you transfer Call and Line rental to us is that we take over the billing of your existing services using our own discounted rates.
- \* Your lines and the connection to the wider world are still.....

**More ->**

..... maintained by BT via us. In the event of a problem on the line we would still arrange for a BT engineer to come and do the fix.

\* You can have confidence your line will be as reliable as it ever was but in most cases you'll be paying less for its rental and the calls you make!

## Take Action Now And Slash Your Phone Bill

To discover how much you could save just give us a call on  
**0800 092 5439**

What happens is that we'll ask you to send us (by post, fax 0844 579 6790 or we'll collect personally) a recent phone bill...

*This is what we'll do next...*

-> We have some sophisticated software that'll analyse your bill, apply our discounted rates and work out the potential savings to be made by transferring your calls and lines to us...

-> We tell you what you can potentially save. In the unlikely event we can't save you money we'll tell you that as well! In some businesses we've managed to achieve savings of up to 30% over their existing suppliers. Obviously it depends exactly what services you're using but we're confident we can make savings for you...

-> If you're happy to transfer your services to us we can arrange everything without you doing a thing! Our system talks to your existing suppliers system and the transfer is done and dusted within 10-15 days, without you even noticing! Don't worry, there's no need for us to disrupt your telephone services whatsoever. After the transfer your phone bills will simply come from us instead of your previous supplier.

Just give us a call on  
**0800 092 5439**

We're always happy to spend some time explaining things.

We moved to our new base in the centre of Horwich (just around the corner from the RBS) in June 2009. Before that we'd been located along with our I.T company, Norbrook, in the Westhoughton / Hindley area.

MD David Lloyd

"We've run a successful local I.T firm, Norbrook Direct, for over 12 years. We took the decision to start Black Sheep Business Communication (Norbrook's sister company) in mid 2008.

Over the last 18 months we've developed a range of telecom products and services for small and medium sized businesses.

Martin Lloyd  
Technical Director

The move to Horwich has seen the business really take off and we look forward to helping many more local firms benefit from our services.

We've always been a family run business with a no nonsense, straight forward and honest approach. We think this has helped us enormously in building the trust of our local clients"

Our services aren't limited to simply supplying low cost phone calls and line rental.

\* We're able to transfer existing phone lines, as well as arrange for new phone lines to be installed. (We can supply a complete portfolio of Single PSTN, PSTN Multi-Lines, ISDN 2 and ISDN 30 solutions for business users. All lines are installed and maintained using BT Openreach)

\* We also supply and install new phone systems and can also take over the maintenance of your existing phone system. Just give us a bell, we're always happy to give unbiased help and advice. Tel 0800 092 5439.

**P.S We also now offer a range of Broadband deals. Get Faster Download Speeds and Cheaper Monthly Rental!**
